

- One-piece, painted orange or chrome-plated finish body. The “scaled” shape of the body makes it almost impossible to force with burglary tools
- Copper, nickel and chrome-plated steel dead-bolt, Ø 5.5 or 10 mm
- Spring-loaded dead-bolt locking mechanism, 7 disc copper, nickel and chrome-plated zamak plug with scratch-proof ABS cover
- Supplied with 3 German silver keys with ergonomic non slip ABS grip; one key is blue with useful light integrated
- **Robust and compact; particularly indicated for locking scooters and motorbikes**

Supplied with useful nylon textile bag and “reminder” cable in order to avoid starting with the disc lock inserted. Lock protected by weatherproof cap

Key with useful blue light integrated
