

AYC-G64

2x6 Backlit Proximity & PIN Convertible
Reader / Controller

Part of the convertible line of readers/controllers, this unit can be operated as an outdoor backlit keypad & proximity reader that connects to any standard controller, or it can convert into a fully featured, 500-user standalone controller when connected to Rosslare's PS-x25T family of intelligent power supply/relay units. This unit provides a most effective solution for indoor and outdoor access systems where PIN credentials are required.

GENERAL DESCRIPTION

For greater peace of mind, this sturdy access control unit provides a rugged keypad with advanced access control features, in an aesthetically-designed housing.

The AYC-G64 offers programmable PIN and proximity transmission formats, LED control and tamper detection, providing extra security and flexibility.

Come rain or shine, this unit can handle the challenge, with its rugged ultraviolet-resistant housing and waterproof enclosure for maximum durability.

The backlit keypad is clearly visible day or night, making this unit ideal for residential and commercial applications.
